Mining Stocks Recovered Some of The Losses Recorded Yesterday.

DALY-WEST QUITE STRONG.

Was Held Above \$20,50 at Close of Call-Trading Was Lighter and Market Shows Manipulation.

The mining share market took an upward turn this morning and by the movement certain stocks nearly recov ered the losses occasioned by yester day's slump. Trading was lighter than on vegterday and the market gives evidence of being manipulated to suit the pleasure of a few of the brokers. There is still no interest displayed by outsiders and very little of the business transacted daily actually effects the stock books of the various companies. The market is in a deplorable condition from which expert

A prominent mining expert said today: "The share prices quoted now are considered low for most of the stocks, but taking everything into consideration not over ten are underquoted at present figures and it is doubtful if there are that many."

On the exchange today transactions involving 67,520 shares and \$26,300.25 were recorded. Ajax led off at lower figures and was dealt in at 19½. Carisa recovered some of the loss occasioned yesterday and closed with 271/4 Notwithstanding denials that the company will either shut down its mine or levy an assessment, it is stated on good authority that one or the other will come within a short time unless some unforseen good luck hap-

Daly-West was strong from 20.30, advanced to 20.50, at which the last sale was made.

Improvemnet was noted in other of the stocks and at the close the follow-

The plans of Samuel Newhouse for the development and equipment of his R Cactus group in Beaver county, are being speedily carried out.

The great shaft on the property is

contract for another 600 feet will be let at once. When Mr. Newhouse was here he decided to have extensive experiments made as to the best equipmnt to put in before erecting a mill for the treatment of Cactus ores and J. M. Callon, the expert engineer, was authorized to make those experiments. First there were laboratory tests of the ore and the machinery for a concentrator was or-dered. Mr. Callon returned from the property last evening and reports that the machinery is all on the ground, that the old mill has been fitted up and ning through the plant.

We will have things in readiness within six weeks for the first

The experiments about to be made under Mr. Callon's direction will demonstrate just what kind of a plant and just what arrangement of machinery will be most successful in that district

ROGERS MILL STARTED. Columbia Ores are bein; Freated in

Bingham Mill. Colonel E. A. Wall returned last evening from Bingham. He stated this morning that the old Rogers mill has been started up under the direction of Will Rogers, a son of the former own-er of the mill, and an expert in the management of it.

management of it. Some time ago Manager Cook of the dumps amounting to about 1,000 tons. This ore contains 7 per cent copper and will be run through the mill at the rule og about 40 tons every 24 hours. It is stated that the Columbia mine is looking fine, having recently opened into a body of high grade ore.

SUNSHINE OPERATIONS. The New Mill has been in Com-

mission Several Days. Reports received from Mercur state that the remodeled Sunshine mill has been in commission for several days and that the patent separators upon which the success of the process depends, are working satisfactorily. Manager Moore will return from camp tonight or tomorrow when full particu-lars will be known. Some prominent mining men think that the Moore proc ess is the proper one and that as soon our district will again be the scene of much activity.

Majestic Payment Made.

The Majestic Mining company, which ontrols the O. K. and other Beaver controls the O. K. and other Beaver county properties, has made another payment of \$15,000 on the purchase price. It is understood that all but about \$20,000 has been paid. President the east and recent advices from him state that good progress is being made in the deal for the further financing of the enterprise.

Snowing Heavily at Alta.

A. J. Cushing, the Taylor and Brunton representate at Sandy came up this morning on a visit. He states that reports from Alta say that it has been snowing continuously there for five days and nights. There have been suspended. The outlook for water during the summer is much imp n consequence of the heavy snowfall.

A force of men, under Mr. Lyman
Skeen, has commenced work on the
bridge over the Weber river, for the

osed new road connecting Boxelder with Weber county.

Our "Chief Canning factory" com-pany, which has had a favorable run during the past season of 1901, intends to erect a suitable warehouse, or storage room, and much credit is due to the directors for the success of the institution.

The present season's tomatoes have

been contracted for, and the hotbeds are springing up like magic. Some few of our citizens have the plants, at present, two inches high. The variety is known as "Maul's early," and is grown by our gardeners for market purposes Sunday meetings have a fair attendance, also the Sunday school and other

ward organizations.
On Feb. 27 and 28 the Logan Dramatic company gave performances in the amusement hall—"The Silver King" and "Hazel Kirke." A number of our old fruit trees have

been dug up, on account of being badly infested with a fungus disease. Spraying for the San Jose scale has been deterred owing to the unfavorable weather; but will be prosecuted with vigor when the weather is favorable, as we intend to try and keep up our reputation as fruit growers.
